REMARKS

50X1-HUM

50X1-HUM

Between 20 August and 7 September 1951, Schkeuditz airfield was still unoccupied.

upon completion of the work in Herseburg transferred construction firm to do grading at Schkeuditz airfield and subsequently at Weimar-Nohra airfield. 2 km concrete runways would be constructed at all three airfields the date for beginning construction work in Schkeuditz had not been announced. It has been rumored

that the airfield would be improved. There were no indications of construction work there, however. *

50X1-HUM

* Comment.

Schkeuditz airfield was to be improved as soon as the work in Herseburg was completed.

50X1-HUM

It is believed probable that improvement of Schkeuditz airfield is included in the 1951/1952 construction program. No indications of construction work have been observed at the field to date.
